3)What leadership qualities do you believe you have that would make you a good chapter officer?

I feel that some of the qualities that I have that would make me be a good FFA officer are that I work well with others and can take their opinions into consideration when making decisions. I also enjoy talking with others in a positive manner and that would be really useful in an officer position. I am a natural leader and love showing this quality so that others can become leaders too. I also am really good at explaining different situations or events to others. Through FFA I have learned to use what I know to benefit others in the best way possible and I know that I can succeed at that by becoming an officer.

4)What goals do you have for the next school year?

Some goals that I have for the next school year is trying to help and encourage more students to join in FFA. I would love to see some more bonding experiencers between our older and younger members. I would also love to be able to plan a lot of fun activities where you can incorporate leadership skills into the activities.

5)Why do you think you should be selected to be an officer for the Sauk Prairie FFA Chapter?

I feel that I should be selected to be an officer for Sauk Prairie because I have a lot of love for FFA and agriculture and I know that I can promote agriculture in a positive way if I am an officer. I love being an advocate for FFA, by being an officer I know that I can fulfill my part in helping to promote agriculture in a positive manner to kids who are the future of agriculture and to the adults who we need support from to keep agriculture going strong.

Through agriculture I have learned a lot and I would love to help others fall in love with agriculture and everything that agriculture means. Without agriculture there would not be a lot of the amazing things that we have and I want future generations to have advancements to what we have now. I want to show that no matter the role in agriculture we can make a change. I want others to see how what we do is not just for us but it is for the thousands of other agricultural enthusiasts out there.

I have a passion and love for FFA and want to show it and promote it the best I possibly can. Through being an officer, I hope that I can truly make a difference and help encourage others to be a part of such an amazing group such as FFA.

6)How many FFA meetings have you attended since June 1st?

I have attended 5 meetings since June 1st.
