2. List of school / community activities:

- FFA
- Football
- FBLA
- Silver Cord Service Program

- Tennis

3. An FFA officer should have many leadership qualities to successfully lead a chapter. One of the most valuable leadership qualities I possess is having good decision making capabilities. An area in which I excel is when I see unorganization, I can decide how to make changes appropriately, take control and lead others. Additionally I possess good communications skills, which allows me to develop connections with others. This would be helpful when talking with other members, advisors or even potential sponsors. Honesty is always important in every area, especially when leading others. I am an honest person, and I can be trusted to do the right thing especially when it matters the most. In the words of Floyd Mayweather, Jr., "I am a man of my word."

4.

- A. If I am elected as a Sauk Prairie FFA Officer, I will work hard to increase participation in our monthly activities and meeting. Another goal of mine will be to work with members to devise a plan to help motivate members to help with our existing fundraisers. I would like to potentially create new fundraisers to bring a different energy that would encourage members to participate.
- B. As a member of the Sauk Prairie FFA, my goals are to take full advantage of every opportunity FFA has to offer. By participating in every aspect of FFA, I will absorb wisdom and knowledge that I will use in all aspects of life, from in the classroom to on the football field, and into my future. When given the opportunity, I will attend as many conferences and conventions as possible so that I can further develop my leadership skills.
- C. As an individual, I hope to have great success both in and after high school. I have set a goal of graduating with high honors that will allow

me to attend the college of my choosing. I have a plan in place that will allow me to accomplish this success through hard work and dedication to my education. I know by setting a realistic goal and then creating a plan to achieve that goal that success is bound to happen. I would like to be the first person in my family to earn my Silver Cords to wear at graduation. I have been working to achieve the honor of this recognition of service for others by spending time at an elementary school in Madison helping out both with the kids and helping out around the building itself. During high school, some of my FFA goals are to earn both my chapter and state degrees, becoming an officer could help me accomplish this. In tennis, I have a goal of learning how to play this sport and developing the skills required to allow me to become a serious competitor, as well as finding a way to enjoy something new to me.

5. Selecting me to be to be an officer for the Sauk Prairie FFA Chapter, it would allow me to bring forth the needed hard work and dedication I put into everything I do, helping to guarantee the continued success of our organization. I feel that because of my natural outgoing and energetic personality, I will be able to make being a member of the FFA productive, fun, and beneficial to all current and all future members. I will help build a stronger sense of community and belonging for all of us. Thank you for considering me I look forward to this opportunity.

6. Since June 1st, I have attended all of the monthly meetings.
